a
95 % block-bootstrap interval
Single run, no interval
Hybrid and its ablations
Full model (LSTM)
0.111
GRU in place of LSTM
0.115
No recurrent decoder
0.115
No learned encoder
0.117
No previous observation
0.060
Series replaced by zeros
0.078
No static embedding
−0.293, off scale
Gradient boosting
With previous value
0.100
No previous value
0.060
